

Acero Engineering Inc. ("Acero"), a growing facilities engineering company providing engineering, procurement and construction management expertise is currently seeking a motivated and enthusiastic individuals to fill one role: **Junior Piping Drafter/Designer (Portuguese)**.

Acero is focused on facility and pipeline engineering, procurement and construction management services; from concept evaluation to plant start-up. Our core service offering is in-house project management, process, mechanical, electrical I&C engineering, project engineering, procurement, regulatory services and construction management.

Acero maintains a core belief that success depends on the development of long-term relationships, forged by providing clients what they ask for – which is not necessarily the same product across the board.

Our clients are typically looking for quick turnaround, flexibility and fit-for-purpose deliverables, with no unnecessary additional frills.

Why do employees stay at Acero? We provide a flexible and trusting team-oriented environment where hard work, discipline and honesty are encouraged and rewarded. We are driven to provide our clients with exceptional service.

**Responsibilities:**

- Use AutoCAD to produce revise and modify new or existing simple detailed drawings from layouts, sketches & design drawings.
- Use AutoCAD and Microsoft software to produce charts and simple graphic presentations.
- Maintain project drawing files and the electronic drawings.
- Assist more senior Draftspersons.
- Assure conformity to standards and execution of the work for Quality Assurance and Control.
- Adhere to procedures issued by company or client.
- Adhere to client drafting procedures.
- Work to Standard & Typical Drawings as required.
- Meet drawing schedules and deliverables.
- Other tasks/responsibilities, as required

**Compensation & Benefits:**

Acero offers employees competitive wages and a benefits package. Salary will be commensurate with education and experience.

**Preferred Education, Experience and Skills:**

- **Must speak fluent Portuguese**
- Preference to those with AutoCAD drafting experience on piping design projects
- Graduate of an Engineering Design and Drafting program, Process Piping Drafting, or specialized training in CAD skills
- Must have experience with AutoCAD, CADWorx, and Navisworks
- Ability to utilize Microsoft (Word, Excel, PowerPoint)
- Excellent team collaboration and interpersonal skills
- Strong written, verbal, analytical and critical thinking skills
- Proven ability to work under pressure and meet tight timelines as occasionally demanded by our clients
